Forward

A record of existing and readable footstones and headstones as at May 2008, August 2008 and May 2009 (there are quite a few unreadable, crusted headstones)

A footstone shows the deceased's initials and year of death. I have included all inscriptions which are legible

I have split the churchyard into 4 defined burial areas to help locate a grave marker

- 1) Northwest, markers along north porch pathway (mostly footstones)
- 2) Northeast, markers along north porch pathway (mostly footstones)
- 3) South, between two paths (within the triangle)
- 4) East
- 5) Recent additions to list

1) Northwest, markers along north porch pathway
