Introduction

Anger is a name of ancient Norman origin and arrived in England with the Norman Conquest. They lived in the area of Angers, France.

The Pope link to the Anger family was through two marriages; that of John Pope (1700-1770) to Elizabeth Anger (1724-1788) in 1744; and later Charles Pope (1786- ??) to Susannah Anger (1784-1844) in 1808.

LW&T's were used as an initial source, and have concentrated on the Robert Anger stem and John Anger stems only.

Depending on records, Anger also spelt as Ainger, Aingel, Angel, Angell, Ayngell and Angers.

Thanks to Nicola for providing Shrivenham parish information and other items.

Two useful websites I have come across [St. Thomas, Watchfield Parish Registers](#) and [Watchfield in the 17th Century](#) by Neil Maw.

I have been unable to trace the burial of Charles Pope, who I suspect died between 1820 and 1833.

Please contact me you have any corrections, omissions or additional information on the people I have highlighted.

John Pope

PS. In 1882 a Thomas Anger was Waywarden for the parish of Little Hinton.

According to the Parish Records Elizabeth Angel married John Pope on 29 Sep 1744, St Swithun's Little Hinton, by Licence.

Witness Noah Wilson of Bishopstone.
The surname entry in the Parish Register was incorrect, it should have read Elizabeth Anger - it was common for Angel and Anger surname - to be intertwined.

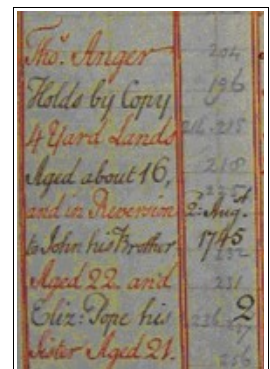

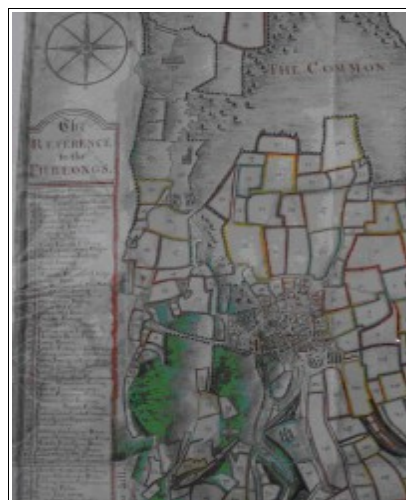

John was born 7 Jan 1699/00 and baptised 12 Jan 1699/00, St Swithun's, Little Hinton, Wilts and buried 27 Mar 1770 at St Swithun's, Little Hinton.

With reference to the Bishopstone Survey and Rental of 1778, No.3., it records that on 2 August 1745 Elizabeth Pope (nee Anger) was Thomas Anger's sister and through marriage Thomas Anger was eventually entitled to a number of Pope copyholds that later became amalgamated into Forty Farm.

Two extracts from the 1778 survey.

Henry Fox, by Leasehold, was Lord of the Manor of Bishopstone. When Henry Fox acquired the lease in 1758 he had a colourful map [small segment on the right] and detailed survey made. Five years later he was to become Lord Holland, Baron of Foxley.

It showed that John Pope had many copyholds (yardlands/closes), presumably most of which were inherited from his father but appear to been surrendered or sold by the end of the 19th century.

Bishopstone 1793 Poor Rate £3 3s 9d, the Tithe of Pope and Baker 18s 7¾d and with Daniel Browning 14s 4½d and 1793 Land Tax £6 3s 0d and with William Spicer £2 14s 5d.

From the Little Hinton "Apportionment of Rent Charge in lieu of Tithes" dated 1840 John Pope had at least four yardlands: Pope's Upper Marsh, Pope's Lower Marsh, Pope's Long Ground and Pope's Close.

The landlord of these lands by 1840 was Thomas Anger.

Again on referring to the Bishopstone Survey and Rental of 1758, it states Elizabeth Pope was 21 years of age and the sister of Thomas Anger aged 16 yrs and John aged 22 yrs, dated as at 2 August 1745.

They had 8 Children: Mary, John, William, John, Mary, Sarah, Elizabeth and Robert Pope.

FATAL ACCIDENT – We are sorry to have to report an accident from firearms, which caused the death of Mr. John Anger, who met with his death under the following distressing circumstances:- It appears from the evidence taken on the inquest before Francis Crowdy Esq. , coroner, which was held at Odstone, near Ashbury, in this county, that the deceased had been out rabbit shooting with Mr. Humfrey jun., of Odstone Farm, and that he had been found in a dying state at a little distance from Mr. Humfrey, and that the cause appeared to be a severe wound in the chest occasioned by the accidental discharge of his own gun. The deceased only lived about an hour. It seemed from the evidence that the deceased had been leaning on the muzzle of his loaded gun, watching the rabbits, and the explosion must have been occasioned accidentally from a twig touching the trigger. He was only 17 years of age. Verdict accordingly.
