### Forward

A record of existing and readable footstones and headstones as at April 2008

The headstone provides a genealogical record of names, dates, age and relationships of people etc

There are five iron crosses remaining in the churchyard. Listed at the end of file is Charles Partridge record of 1929

A footstone shows the deceased's initials and year of death. I have included them where the headstone is missing or unreadable

### Gravestone Inscriptions by location

The churchyard into 3 defined burial areas to help locate the gravestone

- 1) North West, from the Lynch gate and follow around the church
